**Subject:** Products (documents) in the pipeline for today's public meeting; HQ, congs and media conference calls; sit rep; website

**These are the documents that (I think) are being reviewed/finalized today BY NOON if possible and who has the lead. Please send corrections. Martin, Deb and Shaun are on their way to Durango.**

**We are aiming to consolidate the review process so it doesn't take as long so that the generator of the document shares with EOC/Ostrander and field (Libby/Craig) and then Martin/Joan/Paula for final review. (Media statements also go through other regions and HQ). Then it goes back to generator for final.**

**Meetings where data is needed: 1:00 HQ update; 2:00 Congressionals update; 3:00 Media update.**

**Media Statement on ASPECT flyover:** ASPECT has completed the Montezuma Creek to Farmington run. Water appears normal. No leading edge detected.;

ASPECT has started the run from Farmington up to the mine. Water north of Farmington looks cleaner than yesterday.

**Data Analysis and narrative** - Marty/Wendy O'Brien/Sandy S.

**Sit Rep Daily update /Media Statement** (Use Exec summary as media statement)– Laura Farris/ Lisa Lloyd/ Lisa McClain-Vanderpool

**Daily Q&A Fact sheet** – Wendy Thomi/ (needs tps on costs/ timing on returning to pre-incident conditions)- near final

**Deb McKean Talking Points for public meeting** - Deb/Sandy Stavnes
